Auditors

A&C Auditing and Consulting Co., Ltd. has been appointed to perform the review on the Company's Interim Financial Statements for the first 6 months of the fiscal year ending 31 December 2025.

Responsibilities of the Board of Directors

The Board of Directors is responsible for the preparation of the Interim Financial Statements to give a true and fair view on the interim financial position, the interim financial performance, the interim cash flows and the interim changes in owner's equity of the Company during the period. In order to prepare these Interim Financial Statements, the Board of Directors must:

- select appropriate accounting policies and apply them consistently.
- make judgments and estimates reasonably and prudently.
- state clearly whether the Accounting Standards applied to the Company are followed or not, and all the material differences from these standards are disclosed and explained in the Interim Financial Statements.
- prepare the Interim Financial Statements of the Company on the going-concern basis, except for the cases that the going-concern assumption is considered inappropriate.
- design and implement effectively the internal control system to minimize the risks of material misstatements due to frauds or errors in the preparation and presentation of the Interim Financial Statements.

The Board of Directors hereby ensures that all the proper accounting books of the Company have been fully recorded and can fairly reflect the financial position of the Company at any time, and that all the accounting books have been prepared in compliance with the applicable Accounting System. The Board of Directors is also responsible for managing the Company's assets and consequently has taken appropriate measures to prevent and detect frauds and other irregularities.

The Board of Directors hereby commits to the compliance with the aforementioned requirements in preparation and presentation of the Interim Financial Statements.

Approval of the Interim Financial Statements

The Board of Directors hereby approves the accompanying Interim Financial Statements, which give a true and fair view of the interim financial position as at 30 June 2025 of the Company, its interim financial performance, its interim cash flows and its interim changes in owner's equity for the first 6 months of the fiscal year ending 31 December 2025, in conformity with the current Vietnamese Accounting Standards, the Vietnamese Enterprise Accounting System, Circulars providing accounting guidance applicable to securities companies and other regulatory requirements on preparation and presentation of the Interim Financial Statements.

For and on behalf of the Board of Directors,

Nguyen Duc Hieu
General Director

Date: 13 August 2025

No. 1.1328/25/TC-AC

REPORT ON THE INTERIM FINANCIAL INFORMATION REVIEW

**To: THE SHAREHOLDERS, THE BOARD OF MANAGEMENT AND THE BOARD OF DIRECTORS
THANHCONG SECURITIES COMPANY**

We have reviewed the accompanying Interim Financial Statements of Thanhcong Securities Company (hereinafter referred to as "the Company"), which were prepared on 13 August 2025 (from page 05 to page 45), including the Interim Statement of Financial Position as at 30 June 2025, the Interim Income Statement, the Interim Cash Flow Statement and the Interim Statement of Changes in Owner's Equity for the first 6 months of the fiscal year ending 31 December 2025 and the Notes to the Interim Financial Statements.

Responsibility of the Board of Directors

The Company's Board of Directors is responsible for the preparation, true and fair presentation of the Interim Financial Statements in accordance with the prevailing Vietnamese Accounting Standards, the Vietnamese Enterprise Accounting System, Circulars providing accounting guidance applicable to securities companies as well as other regulatory requirements on preparation and presentation of the Interim Financial Statements; and responsible for the internal control as the Company's Board of Directors determines necessary to enable the preparation and presentation of the Interim Financial Statements to be free from material misstatement due to fraud or error.

Responsibility of Auditors

Our responsibility is to express conclusion on these Interim Financial Statements based on our review. We have conducted the review in accordance with the Vietnamese Standard on Review Engagements No. 2410 – Review on interim financial information performed by independent auditor of the entity.

A review of interim financial information consists of making inquiries, primarily of persons responsible for financial and accounting matters, and applying analytical and other review procedures. A review is substantially less in scope than an audit conducted in accordance with Vietnamese Standards on Auditing and consequently does not enable us to obtain assurance that we would become aware of all significant matters that might be identified in an audit. Accordingly, we do not express an audit opinion.

Conclusion of Auditors

Based on our review, nothing has come to our attention that causes us to believe that the accompanying Interim Financial Statements have not given a true and fair view, in all material respects, of the interim financial position as of 30 June 2025 of Thanhcong Securities Company, its interim financial performance, its interim cash flows and its interim changes in owner's equity for the first 6 months of the fiscal year ending 31 December 2025, in conformity with prevailing Vietnamese Accounting Standards, the Vietnamese Enterprise Accounting System, Circulars providing accounting guidance applicable to securities companies and other regulatory requirements on preparation and presentation of the Interim Financial Statements.

INTERIM FINANCIAL STATEMENTS

For the first 6 months of the fiscal year ending 31 December 2025

NOTES TO THE INTERIM FINANCIAL STATEMENTS

For the first 6 months of the fiscal year ending 31 December 2025

I. GENERAL INFORMATION

1. Establishment and Operation License

Thanhcong Securities Company (hereinafter referred to as “the Company”) was established and has been operating under the Establishment and Operation License No. 81/UBCK-GP dated 31 January 2008, issued by the State Securities Commission of Vietnam.

During its operation course, the Company has been granted the amended Licenses by the State Securities Commission of Vietnam, regarding the changes in head office’s address, legal representative, charter capital, etc. Currently, the Company has been operating in accordance with the latest amended License No. 36/GPĐC-UBCK dated 02 July 2025.

2. Address

2nd Floor, No. 6 Ho Tung Mau Street, Saigon Ward, Ho Chi Minh City.

3. Charter

The Company’s 13th amended Charter was issued on 17 April 2025.

4. Business highlights

- Capital:

As at 30 June 2025, the Company’s total charter capital is VND 1.156.209.640.000, its owner’s equity is VND 1.187.916.332.810, and its total assets are VND 2.519.121.022.505.

- Objectives:

The Company’s principal business activity is to provide services of securities brokerage, securities investment consultancy, self-trading securities and securities issuance guarantee.

- Investment restrictions:

The Company complies with Article 28, Circular No. 121/2020/TT-BTC dated 31 December 2020 and its supplements and amendments as follows:

- The Company is not entitled to purchase and contribute capital to buy real estate except for use as its head office, branches and transaction offices in direct service to the business operations of the Company.
- The Company is entitled to purchase and invest in real estate for use as its head office, branches and transaction offices in direct service to the business operations provided that the residual value of fixed assets and real estate does not exceed fifty percent (50%) of the total asset value of the Company.
- The Company is not entitled to use more than seventy percent (70%) of the equity to buy corporate bonds. The Company obtaining licenses for the proprietary trading of securities may redeem listed bonds according to relevant regulations on bond redemption.
- The Company may not directly implement or entrust the implementation to other organizations and individuals:
 - ✓ Investing in stocks or contributed capital of the company owning more than fifty percent (50%) of the Company’s charter capital, except for odd-lot stock at the client’s request;
 - ✓ Together with persons concerned, investing from five percent (5%) or more of another securities company’s charter capital;
 - ✓ Investing more than twenty percent (20%) of the total number of stocks and treasury certificates in circulation of a listed company;

THANHCONG SECURITIES COMPANY

Address: 2nd Floor, No. 6 Ho Tung Mau Street, Saigon Ward, Ho Chi Minh City

INTERIM FINANCIAL STATEMENTS

For the first 6 months of the fiscal year ending 31 December 2025

Notes to the Interim Financial Statements (cont.)

- ✓ Investing more than fifteen percent (15%) of the total number of stocks and treasury certificates in circulation of an unlisted company, not applicable to member fund certificates, exchange-traded fund certificates and open-end fund certificates;
- ✓ Investing or contributing capital more than ten percent (10%) of the total contributed capital of a limited liability company or business project;
- ✓ Investing or contributing capital more than fifteen percent (15%) of equity in an organization or business project.
- ✓ Investing more than 70% of equity in stocks, share capital and business projects, including more than 20% of equity which is invested in unlisted stocks, share capital and business projects.
- The Company has been established and has acquired fund management company as its subsidiary. In this case, the securities company must not comply with the following provisions:
 - ✓ Investing more than twenty percent (20%) of the total number of stocks and treasury certificates in circulation of a listed company;
 - ✓ Investing more than fifteen percent (15%) of the total number of stocks and treasury certificates in circulation of an unlisted company, not applicable to member fund certificates, exchange-traded fund certificates and open-end fund certificates;
 - ✓ Investing or contributing capital more than ten percent (10%) of the total contributed capital of a limited liability company or business project.

Additionally, the Company expected to establish and acquire fund management company as its subsidiary must meet the following conditions:

- ✓ The equity, after capital contribution for establishment and acquisition of fund management company, must be at least equal to the legal capital for the business operations the Company is performing;
- ✓ The ratio of disposable funds after capital contribution for the establishment or acquisition of fund management company must reach at least one hundred eighty percent (180%);
- ✓ The Company after capital contribution for the establishment or acquisition of fund management company must ensure compliance with the following provisions on borrowing and investment restrictions:

Borrowing restrictions:

(Article 26, Circular No. 121/2020/TT-BTC dated 31 December 2020)

- + Ratio of total debt to equity of the Company shall not exceed 5 times. Value of total debt shall not include customers' deposit for securities transaction, bonus and welfare funds, provision for severance allowances, provision for compensation to investors.
- + The Company's short-term debt is equal to current assets maximally;
- + The Company offering bonds for sale shall comply with regulations of the Law on Securities, the Decree elaborating on the implementation of several articles of the Law on Securities, laws on issuance of corporate bonds, and must comply with the ratio prescribed above.

Investment restrictions:

- + The total investment in corporate bonds by the Company does not exceed 70% of its equity. The Company obtaining licenses for the proprietary trading of securities may redeem listed bonds according to relevant regulations on bond redemption (Clause 3, Article 28, Circular No. 121/2020/TT-BTC dated 31 December 2020).
- + The Company may not directly implement or entrust the implementation to other organizations and individuals to invest or contribute capital more than fifteen percent (15%) of equity in an organization or business project (Point 3, Clause 4, Article 28, Circular No. 121/2020/TT-BTC dated 31 December 2020).

2. Statement of the compliance with the Accounting Standards and System

The Board of Directors ensures to follow all the requirements of the current Vietnamese Accounting Standards, the Vietnamese Enterprise Accounting System, Circulars on the accounting guidance applicable to securities companies and relevant statutory requirements on the preparation and presentation of the Interim Financial Statements.

THANHCONG SECURITIES COMPANY

Address: 2nd Floor, No. 6 Ho Tung Mau Street, Saigon Ward, Ho Chi Minh City

INTERIM FINANCIAL STATEMENTS

For the first 6 months of the fiscal year ending 31 December 2025

Notes to the Interim Financial Statements (cont.)

IV. ACCOUNTING POLICIES

1. Cash and cash equivalents

Cash includes cash on hand and cash in bank. Cash equivalents are short-term investments of which the due dates do not exceed 3 months from the dates of the investments that are readily convertible into known amounts of cash and that are subject to an insignificant risk of change in value as at the balance sheet date.

Cash deposited by customers for securities trading and cash deposited by securities issuers are presented at off-interim statement of financial position items.

2. Foreign currency transactions

Transactions in foreign currencies are converted at the actual exchange rates ruling as at the transaction dates. The ending balances of monetary items in foreign currencies are converted at the actual exchange rates ruling as at the balance sheet date.

Foreign exchange differences arisen from foreign currency transactions during the period shall be included into financial income or financial expenses. Foreign exchange differences due to the revaluation of ending balances of the monetary items in foreign currencies after offsetting their positive differences against negative differences shall be included into financial income or financial expenses.

The exchange rate used to convert foreign currency transactions is the actual exchange rate ruling as at the time of these transactions. The actual exchange rates applied to foreign currency transactions are as follows:

- For receivables: the buying rate ruling as at the time of transaction of the commercial bank where the Company designates the customers to make payments.
- For payables: the selling rate ruling as at the time of transaction of the commercial bank where the Company supposes to make payments.
- For acquisition of assets or immediate payments in foreign currency (not included into payable accounts): the buying rate of the commercial bank where the Company makes payments.

The exchange rates used to re-evaluate the ending balances of monetary items in foreign currencies are determined according to the following principles:

- For foreign currency deposits: the buying rate of the bank where the Company opens its foreign currency account.
- For monetary items in foreign currencies classified as other assets: the buying rate of Eximbank where the Company frequently conducts transactions.
- For monetary items in foreign currencies classified as liabilities: the selling rate of Eximbank where the Company frequently conducts transactions.

3. Financial assets at fair value through profit or loss (FVTPL)

Financial assets recognized at fair value through profit or loss are financial assets which satisfy either of the following conditions:

- A financial asset is classified as held for trading if:
 - It is acquired or incurred principally for the purpose of selling or repurchasing it in the near term;
 - There is evidence of a recent actual pattern of short-term profit-making; or
 - It is a derivative (except derivative that is a financial guarantee contract or effective hedging instrument).

THANHCONG SECURITIES COMPANY

Address: 2nd Floor, No. 6 Ho Tung Mau Street, Saigon Ward, Ho Chi Minh City

INTERIM FINANCIAL STATEMENTS

For the first 6 months of the fiscal year ending 31 December 2025

Notes to the Interim Financial Statements (cont.)

- Upon initial recognition, a financial asset is designated by the entity as fair value through profit and loss as it meets one of the following criteria:
 - The designation eliminates or significantly reduces the inconsistent treatment that would otherwise arise from measuring the asset or recognizing gains or losses on the different basis; or
 - The financial asset is part of a group of financial assets which are managed and their management performance is evaluated on a fair value basis, in accordance with the Company's risk management or investment strategy.

Financial assets at fair value through profit or loss are initially recorded at cost (purchase costs exclusive of transaction costs arising from purchases of these financial assets) and subsequently recorded at fair value.

The positive difference due to revaluation of financial assets at FVTPL as compared to previous period is recognized into the item "Gains from revaluation of financial statements at FVTPL" in the Interim Income Statement. The negative difference due to revaluation of financial assets at FVTPL as compared to previous period is recognized into the item "Losses from revaluation of financial assets at FVTPL" in the Interim Income Statement.

The purchase costs of financial assets at FVTPL are recognized to transaction costs in the Interim Income Statement when incurred.

4. Available-for-sale financial assets (AFS)

Available-for-sale financial assets are non-derivative financial assets classified as available for sale; or not classified as loans and receivables, held-to-maturity investments, financial assets at fair value through profit or loss.

Available-for-sale financial assets are initially recognized at cost (including the purchase cost and other transaction costs). After initial recognition, these financial assets are recorded at fair value in the Company's Interim Statement of Financial Position; unless financial assets are equity instruments without listed price in the market and investments with value cannot be measured reliably, they are kept being recognized at cost.

Differences from revaluation of AFS financial assets at fair value compared to the previous period are presented in item "Gains/(losses) from revaluation of AFS financial assets" under "Other comprehensive income" in the Interim Income Statement.

At the date of the Interim Statement of Financial Position, the Company also assesses whether there is objective evidence that AFS financial assets are impaired. Any increase/decrease in the balance of provision is recognized in the Interim Income Statement under "Provision for diminution in value and impairment of financial assets and doubtful receivables, and borrowing costs of loans".

Objective evidence that a financial asset or group of assets is impaired includes observable data that comes to the attention of the holder of the asset about the following loss events:

- Significant financial difficulty of the issuer or obligor;
 - A breach of contract, such as a default or delinquency in interest or principal payments;
 - the lender, for economic or legal reasons relating to the borrower's financial difficulty, granting to the borrower a concession that the lender would not otherwise consider;
 - It becoming probable that the borrower will enter bankruptcy or other financial reorganisation;
 - The disappearance of an active market for that financial asset because of financial difficulties;
- or

THANHCONG SECURITIES COMPANY

Address: 2nd Floor, No. 6 Ho Tung Mau Street, Saigon Ward, Ho Chi Minh City

INTERIM FINANCIAL STATEMENTS

For the first 6 months of the fiscal year ending 31 December 2025

Notes to the Interim Financial Statements (cont.)

- Observable data indicating that there is a measurable decrease in the estimated future cash flows from a group of AFS financial assets since the initial recognition of those assets, although the decrease cannot yet be identified with the individual financial assets in the group, including:
 - Adverse changes in the payment status of borrowers in the group;
 - National or local economic conditions that correlate with defaults on the AFS assets in the group.

Objective evidence of impairment may also include information about significant changes with an adverse effect that have taken place in the technological, market, economic or legal environment in which the issuer operates, and indicates that the cost of the investment may not be recovered. A significant or prolonged decline in the value of an equity investment below its cost is also considered objective evidence of impairment.

5. Held-to-maturity investments (HTM)

Held-to-maturity financial assets are non-derivative financial assets with fixed or determinable payments, fixed maturity that the Company has positive intention and ability to hold to maturity, excluding:

- Financial assets classified as FVTPL financial assets at initial recognition;
- Financial assets classified as AFS financial assets;
- Financial assets qualifying conditions to be classified as loans and receivables.

HTM financial assets are initially recorded at cost (inclusive of purchase cost plus (+) transaction costs arising directly from purchases of these assets, such as brokerage fee, trading fee, issuance agent fee and bank charges). After initial recognition, HTM financial assets are subsequently measured at amortized cost using effective interest rate method.

Amortized cost of HTM is the amount at which the financial asset is measured at initial recognition minus principal repayments, plus or minus the cumulative amortization using the effective interest rate method of any difference between that initial amount and the maturity amount, and minus any reduction (directly or through the use of an allowance account) for impairment or irrecoverability.

The effective interest rate method is a method of calculating the allocated cost on interest income or interest expense in the period of a financial asset or a group of HTM investments.

Effective interest rate is the rate that exactly discounts estimated future cash payments or receipt through the expected life of the financial instrument or, when appropriate, a shorter period to the net carrying amount of the financial asset.

HTM investments are subject to an assessment of impairment at the date of the Interim Statement of Financial Position. Provision is made for an HTM investment when there is any objective evidence that the investment is unrecoverable or there is uncertainty of recoverability, resulting from one or more events that have occurred after the initial recognition of the investment and that event has an impact on the estimated future cash flows of the investment that can be reliably estimated. Evidence of impairment may include a drop in the market value/fair value (if any) of the investment, indications that the debtors or a group of debtors are experiencing significant financial difficulty, default or delinquency in interest or principal payments, the probability that they will enter bankruptcy or other financial reorganization and where observable data indicate that there is a measurable decrease in the estimated future cash flows, such as changes in arrears or economic conditions that correlate with defaults. When there is any evidence of impairment, provision for an HTM investment is determined as the negative difference between its fair value and amortized cost at the assessment date. Any increase/decrease in the balance of provision is recognized in the Interim Income Statement under "Provision for diminution in value and impairment of financial assets and doubtful receivables, and borrowing costs of loans".

THANHCONG SECURITIES COMPANY

Address: 2nd Floor, No. 6 Ho Tung Mau Street, Saigon Ward, Ho Chi Minh City

INTERIM FINANCIAL STATEMENTS

For the first 6 months of the fiscal year ending 31 December 2025

Notes to the Interim Financial Statements (cont.)

6. Loans

Loans are non-derivative financial assets with fixed or identifiable payments in compliance with current legal regulations applicable to securities businesses. Loans are initially recognized at cost. After initial recognition, loans are subsequently measured at amortized cost using effective interest rate method.

Commitments on loans include:

- Margin Trading Contract;
- Securities Sale Advance Contract.

Loans are assessed for impairment as at the balance sheet date. Provisions for loans are made on the basis of estimated loss arising, which is the difference between market value of collateralized securities and the balances of these loans. Any increase/decrease in the balance of provision is recognized in the Interim Income Statement under "Provision for diminution in value and impairment of financial assets and doubtful receivables, and borrowing costs of loans".

7. Derecognition of financial assets

Financial assets (or part of a group of similar financial assets) shall be derecognized if:

- The rights to receive cash flows from financial assets have expired; or
- The Company has transferred its rights to receive cash flows from financial assets or has assumed an obligation the received cash flows in full without material delay to a third party through pass-through arrangement; and:
 - The Company has transferred transfers most of risks and benefits incident to assets, or
 - The Company has neither transferred nor retained most of risks and benefits incident to assets but the control of assets has been transferred.

When the Company has transferred its rights to receive cash flows from an asset or has entered into a pass-through arrangement, and has neither transferred nor retained substantially all the risks and rewards of the asset nor transferred control of the asset, the asset is recognized to the extent of the Company's continuing involvement in the asset. In that case, the Company also recognizes an associated liability. The transferred asset and the associated liability are measured on a basis that reflects the rights and obligations that the Company has retained.

8. Reclassification of financial assets

The Company is required to reclassify financial assets to their applicable categories if their purpose or ability to hold has changed, consequently:

- Non-derivative financial assets at FVTPL that are not required to be classified as FVTPL at initial recognition may be reclassified as loans and receivables in limited circumstances or cash and cash equivalents if meeting certain criteria for reclassification. Gains and losses from revaluation of financial assets at FVTPL arising before the reclassification are not reversed.
- If the change in intention/ability to hold a financial asset results in it being inappropriately reclassified as a HTM asset, that asset must be reclassified into AFS group and re-measured at fair value. Difference between its carrying value and its fair value is recognized in the Interim Income Statement – Changes in fair value of reclassified assets.

9. Market value/fair value of financial assets

Financial asset impairment is assessed as at the date of Interim Statement of Financial Position.

THANHCONG SECURITIES COMPANY

Address: 2nd Floor, No. 6 Ho Tung Mau Street, Saigon Ward, Ho Chi Minh City

INTERIM FINANCIAL STATEMENTS

For the first 6 months of the fiscal year ending 31 December 2025

Notes to the Interim Financial Statements (cont.)

Provisions are made for the devaluation of transferable financial assets on the market at the balance sheet date corresponding to the difference between the carrying value and the actual market value as at the latest transaction date but no longer than one month up to the date of provisions made. Any increase/decrease in the balance of provision is recognized in the Interim Income Statement under "Provision for diminution in value and impairment of financial assets and doubtful receivables, and borrowing costs of loans".

Market value/fair value of securities is determined on the following basis:

- For securities listed on Hanoi Stock Exchange and Ho Chi Minh City Stock Exchange, their market prices are their closing prices on the trading day preceding the date of revaluation.
- For unlisted securities but registered for trading on UPCoM, their market prices are the average closing price on the trading day preceding the date of revaluation.
- For delisted securities or suspended trading securities from the sixth day afterward, their prices are the carrying value as at the latest balance sheet date.
- For securities which do not have reference prices from the above sources, the impairment is determined based on the financial performance and carrying value of securities issuers as at the balance sheet date.

10. Receivables

Receivables are recognized at the carrying amounts less allowances for doubtful debts.

The classification of receivables as trade receivables and other receivables is made according to the following principles:

- Trade receivables reflect receivables concerning the commercial nature arising from purchase and sale transactions between the Company and customers who are independent to the Company.
- Other receivables reflect receivables not concerning the commercial nature and irrelevant to purchase and sale transactions between the Company and customers who are independent to the Company.

Allowance is made for each doubtful debt on the basis of the debt age or estimated loss according to Article 6, Circular No. 48/2019/TT-BTC dated 08 August 2019 as follows:

- As for overdue debts:
 - 30% of the value of debts overdue between 6 months and less than 1 year.
 - 50% of the value of debts overdue between 1 year and less than 2 years.
 - 70% of the value of debts overdue between 2 years and less than 3 years.
 - 100% of the value of debts overdue more than 3 years.
- As for doubtful debts: Allowance is made on the basis of the estimated loss.

Increases/(decreases) in the obligatory allowance for doubtful debts as at the balance sheet date are recorded into item "General and administration expenses" on the Interim Income Statement.

11. Prepaid expenses

Prepaid expenses comprise actual expenses incurred and relevant to financial performance in several accounting periods. Prepaid expenses of the Company mainly include expenses of tools, office rental, office repairing and renovating expenses, telecommunications and line charges.

Expenses of tools

Expenses of tools being put into use are allocated into costs in accordance with the straight-line method for the maximum period of 3 years.

Office rental, office repairing and renovating expenses, telecommunications and line charges

These expenses are allocated into costs in accordance with straight-line method based on the valid term of contract for the maximum period of 3 years.

THANHCONG SECURITIES COMPANY

Address: 2nd Floor, No. 6 Ho Tung Mau Street, Saigon Ward, Ho Chi Minh City

INTERIM FINANCIAL STATEMENTS

For the first 6 months of the fiscal year ending 31 December 2025

Notes to the Interim Financial Statements (cont.)

12. Operating leased assets

A lease is classified as an operating lease if it transfers substantially all the risks and rewards incident to ownership belonging to the lessor. The lease expenses are allocated in the Company's operation costs in accordance with the straight-line method over the lease term and do not depend on the method of lease payment.

13. Tangible fixed assets

Tangible fixed assets are determined by their historical costs less accumulated depreciation. Historical costs of tangible fixed assets include all the expenses paid by the Company to bring the asset to its working condition for its intended use. Other expenses arising subsequent to initial recognition are included into historical costs of fixed assets only if it can be clearly demonstrated that the expenditure has resulted in future economic benefits expected to be obtained from the use of these assets. Those which do not meet the above conditions will be recorded into operation costs during the period.

When a tangible fixed asset is sold or disposed, its historical cost and accumulated depreciation are written off, then any gain or loss arising from such disposal is included in the income or the expenses during the period.

Tangible fixed assets are depreciated in accordance with the straight-line method over their estimated useful lives. The depreciation years applied are as follows:

<u>Fixed assets</u>	<u>Years</u>
Machinery and equipment	5 - 8
Vehicles	10
Office equipment	6 - 8

14. Intangible fixed assets

Intangible fixed assets are determined by their initial costs less accumulated amortization.

Initial costs of intangible fixed assets include all the costs paid by the Company to bring the asset to its working condition for its intended use. Other costs relevant to intangible fixed assets arising subsequent to initial recognition are included into operation costs during the period only if these costs are associated with a specific intangible fixed asset and result in future economic benefits expected to be obtained from the use of these assets.

When an intangible fixed asset is sold or disposed, its initial costs and accumulated amortization are written off, then any gain or loss arising from such disposal is included in the income or the expenses during the period.

The Company's intangible fixed assets mainly include computer software. Costs of computer software include all the expenses paid by the Company until the date the software is put into use. The computer software is amortized in accordance with the straight-line method from 3 to 8 years.

15. Payables and accrued expenses

Payables and accrued expenses are recorded for the amounts payable in the future associated with the goods and services received. Accrued expenses are recorded based on reasonable estimates for the amounts payable.

The classification of payables as trade payables, accrued expenses and other payables is made on the basis of following principles:

- Trade payables reflect payables of commercial nature arising from the purchase of goods, services, or assets, of which the seller is an independent entity with the Company.

THANHCONG SECURITIES COMPANY

Address: 2nd Floor, No. 6 Ho Tung Mau Street, Saigon Ward, Ho Chi Minh City

INTERIM FINANCIAL STATEMENTS

For the first 6 months of the fiscal year ending 31 December 2025

Notes to the Interim Financial Statements (cont.)

- Accrued expenses reflect expenses for goods, services received from suppliers or supplied to customers but have not been paid, invoiced or lack of accounting records and supporting documents; pay on leave payable to employees; and accrual of operation expenses.
- Other payables reflect payables of non-commercial nature and irrelevant to purchase, sales of goods or provisions of services.

The payables and accrued expenses are classified as short-term and long-term items in the Interim Statement of Financial Position on the basis of their remaining term as at the balance sheet date.

16. Owner's equity

Owner's capital

Capital is recorded into charter capital according to historical costs.

Retained earnings

Retained earnings include realized and unrealized profits.

Unrealized profit of the period is total difference between gain and loss arising from revaluation of financial assets at FVTPL or other financial assets charged into the Interim Income Statement.

Realized profit during the period is the net difference between total revenue, income and total expenses in the Interim Income Statement of the Company, except for gain or loss arising from revaluation of financial assets recognized in unrealized profit.

Profit distribution

Profit after tax is distributed to the shareholders after appropriation for funds under the Charter of the Company as well as Vietnamese legal regulations.

The distribution of profits to the shareholders is made with consideration toward non-cash items in the retained earnings that may affect cash flows and payment of profit such as profit due to revaluation of assets contributed as investment capital, profit due to revaluation of monetary items, financial instruments and other non-cash items.

17. Recognition of revenue and income

Revenue shall be recognized when the Company's ability for receiving economic benefits can be measured reliably. Revenue shall be measured at the fair value of the amounts received or shall probably receive after deductions of trade discounts, sales allowances and sales returns. Revenue and income shall be recognized when all of the following conditions are satisfied:

Revenue from securities brokerage service

When the contract outcome can be measured reliably, the revenue shall be recognized by reference to the stage of completion. In case the outcome of the contracts cannot be estimated reliably, the revenue is recognized only to extent of the expenses recognized which are recoverable.

Income from securities trading

Income from securities trading is determined by the difference between the selling price and average costs of securities.

Interest income

Revenue is recognized on the accrual basis (taking into account the effective yield on the asset) unless collectability is in doubt.

THANHCONG SECURITIES COMPANY

Address: 2nd Floor, No. 6 Ho Tung Mau Street, Saigon Ward, Ho Chi Minh City

INTERIM FINANCIAL STATEMENTS

For the first 6 months of the fiscal year ending 31 December 2025

Notes to the Interim Financial Statements (cont.)

Dividends

Dividends are recognized when the Company's entitlement as an investor to receive the dividend is established, except for dividend received in shares which only the number of shares is updated.

Revenue from other services

Where the contract outcome can be measured reliably, the revenue is recognized by reference to the stage of completion.

Where the outcome of the contracts cannot be reliably measured, the revenue is recognized only to extent of the expenses recognized which are recoverable.

Other income

Other income includes income from irregular activities other than income-generated activities, i.e. proceeds from liquidation and disposal of fixed assets; fines paid by customers for their contract violations; collected insurance compensation; collected debt which had been written off and included into the previous period's expenses; payables which are now recorded as income increase as the owners no longer exist; collected tax amounts which now are reduced and refunded; other receivables recorded as other income as regulated at Vietnamese Accounting Standard No. 14 – Revenue and other income.

18. Calculation method of costs of securities trading

The Company applies mobile average method to calculate costs of equity securities sold.

19. Expenses

Expenses are those that result in outflows of the economic benefits and are recorded at the time of transactions or when incurrence of the transaction is reliable regardless of whether payment for expenses is made or not.

Expenses and their corresponding revenues are simultaneously recognized in accordance with matching principle. In the event that matching principle conflicts with prudence principle, expenses are recognized based on the nature and regulations of accounting standards in order to guarantee that transactions can be fairly and truly reflected.

20. Corporate income tax

Corporate income tax includes current income tax and deferred income tax.

Current income tax

Current income tax is the tax amount computed based on the assessable income. The assessable income is different from accounting profit due to the adjustments of temporary differences between tax and accounting figures, non-deductible expenses as well as those of non-taxable income and losses brought forward.

Deferred income tax

Deferred income tax is the amount of corporate income tax payable or refundable due to temporary differences between book values of assets and liabilities serving the preparation of the Interim Financial Statements and the values for tax purposes. Deferred income tax liabilities are recognized for all the temporary taxable differences. Deferred income tax assets are recorded only when there is an assurance on the availability of assessable income in the future against which the temporarily deductible differences can be used.

THANHCONG SECURITIES COMPANY

Address: 2nd Floor, No. 6 Ho Tung Mau Street, Saigon Ward, Ho Chi Minh City

INTERIM FINANCIAL STATEMENTS

For the first 6 months of the fiscal year ending 31 December 2025

Notes to the Interim Financial Statements (cont.)

Carrying values of deferred corporate income tax assets are considered as at the balance sheet date and will be reduced to the rate that ensures enough assessable income against which the benefits from part of or all of the deferred income tax can be used. Deferred corporate income tax assets, which have not been recorded before, are considered as at the balance sheet date and are recorded when there is certainly enough assessable income to use these unrecognized deferred corporate income tax assets.

Deferred income tax assets and deferred income tax liabilities are determined at the estimated rate to be applied in the year when the assets are recovered or the liabilities are settled based on the effective tax rates as at the balance sheet date. Deferred income tax is recognized in the Interim Income Statement. In the case that deferred income tax is related to the items of the owner's equity, corporate income tax will be included in the owner's equity.

The Company shall offset deferred tax assets and deferred tax liabilities if:

- The Company has the legal right to offset current income tax assets against current income tax liabilities; and
- Deferred income tax assets and deferred income tax liabilities are relevant to corporate income tax which is under the management of one tax authority either:
 - Of the same subject to corporate income tax; or
 - The Company has intention to pay current income tax liabilities and current income tax assets on a net basis or recover tax assets and settle tax liability simultaneously in each future period to the extent that the majority of deferred income tax liabilities or deferred income tax assets are paid or recovered.

21. Related parties

A party is considered a related party of the Company in case that party is able to control the Company or to cause material effects on the financial decisions as well as the operations of the Company. A party is also considered a related party of the Company in case that party is under the same control or is subject to the same material effects.

Considering the relationship of related parties, the nature of relationship is focused more than its legal form.

22. Nil balances

Items or balances required by Circulars No. 210/2014/TT-BTC dated 30 December 2014 and No. 334/2016/TT-BTC dated 27 December 2016 issued by the Ministry of Finance that are not shown in these Interim Financial Statements indicate nil balance.

V. FINANCIAL RISK MANAGEMENT

Risk management is integral to the whole business of the Company. The Company has a system of control in place to achieve an acceptable balance between the cost of risks occurring and the cost of managing the risks. The Board of Directors continually monitors the Company's risk management process to ensure that an appropriate balance between risk and control is achieved.

The Company is exposed to the following financial risks: credit risk, liquidity risk and market risk. The Board of Directors is responsible for setting policies and controls to minimize financial risks as well as to monitor the implementation of such policies and controls.

THANHCONG SECURITIES COMPANY

Address: 2nd Floor, No. 6 Ho Tung Mau Street, Saigon Ward, Ho Chi Minh City

INTERIM FINANCIAL STATEMENTS

For the first 6 months of the fiscal year ending 31 December 2025

Notes to the Interim Financial Statements (cont.)

1. Credit risk

Credit risk is the risk that one contractual party will cause a financial loss for the Company by its failure to pay for its obligations.

Credit risk of the Company mainly arises from its cash in bank, financial assets, receivables and other assets.

Cash in bank

The Company's deposits are primarily in the well-known banks in Vietnam. Credit risk to bank deposits is managed by the Company's risk management department. Maximum credit risk to items in the Interim Statement of Financial Position is their carrying values. The Company realizes the credit risk level arising from cash in bank is low.

Financial assets

The Company controls credit risk involving investments into financial assets by its control policies, processes and procedures. The Company only invests in shares, bonds and fund certificates of entities whose financial position is good, stable and they own major brands in Vietnam. The Company recognizes that credit risk to financial assets is low.

Receivables

The Company's receivables include receivables from disposal of financial assets; receivables and accruals from dividends and interest on financial assets; loans and other receivables.

The Company controls credit risk involving receivables for loans by its control policies, processes and procedures associated to margin loans and securities sale advance to customers. The Company only accepts margin loans for securities permitted for margin trading under the Margin Lending Regulation. Credit limit is controlled on the basis of collateral value and trust in customer's transactions.

The Company controls credit risk involving other receivables by its relevant control policies, processes and procedures. Credit quality of customers is measured on the basis of the Board of Directors' assessment.

The Company regularly monitors unrecovered receivables. For major customers, the Company regularly reviews for credit quality devaluation. The Company seeks to maintain strict control over outstanding receivables to minimize credit risk. On this basis and that the receivables are related to many different subjects, credit risk is not focused on any significant subject.

Apart from receivables for doubtful debts of which the allowances have been made as presented in Note No. VI.4, all of financial assets of the Company are not overdue and devaluated.

2. Liquidity risk

Liquidity risk is the risk that the Company will encounter difficulty in meeting obligations associated with financial liabilities.

The Company's liquidity risks mainly arise from the differences in maturity dates of financial assets and financial liabilities.

The Company controls liquidity risk by regularly following up the current payment requests as well as estimated payment requests in the future to maintain an appropriate amount of cash, supervising the cash flows actually arisen in comparison with estimation to minimize the effects of the changes in cash flows to the Company.

THANHCONG SECURITIES COMPANY

Address: 2nd Floor, No. 6 Ho Tung Mau Street, Saigon Ward, Ho Chi Minh City

INTERIM FINANCIAL STATEMENTS

For the first 6 months of the fiscal year ending 31 December 2025

Notes to the Interim Financial Statements (cont.)

The term of payments to financial liabilities based on contract payment term is 1 year or less.

The Board of Directors believes that the risk level associated with payments to financial liabilities is low. The Company has sufficient capacity to settle all financial obligations when they are due from its operating cash flows and from the amounts receivable from mature financial assets.

3. Market risk

Market risk is the risk that the fair value or cash flows in the future of a financial instrument will fluctuate due to changes in market prices.

Market risks exposed to the operations of the Company include foreign currency risk, interest rate risk and securities price risk.

Foreign currency risk

Foreign currency risk is the risk that the fair value or cash flows of a financial instrument will fluctuate due to changes in exchange rates.

The Board of Directors believes that the effects due to fluctuations in exchange rates on profit before tax and owner's equity of the Company are unremarkable.

Interest rate risk

Interest rate risk is the risk that the fair value or future cash flows of a financial instrument will fluctuate due to changes in market interest rates. The Company's interest rate risk substantially relates to cash and short-term deposits. These investments are mainly short-term in nature and they are not held by the Company for speculative purposes.

The Company controls the interest rate risk by analyzing the competitive structure of the market to obtain relevant interest policies, which are favorable for its purposes within its risk management limits.

Sensitivity analysis is not performed for the interest rate risk since bank deposits are primarily at fixed rate.

Securities price risk

The securities held by the Company may be affected by the risks in values in the future of these shares. The Company manages the risks in prices of securities by setting investment limits and diversifying its investment portfolio.

The Board of Directors believes that the effects due to fluctuations in share prices on profit before tax and owner's equity of the Company are unremarkable.

- (i) This is the receivables from Mr. Doan Quang Sang - a Company's shareholder, equivalent to the value of 400.000 shares in association to the lawsuit between the Company and Mr. Nguyen Thanh Chung.

Mr. Doan Quang Sang provided authorization related to all rights and obligations associated to 200.000 shares (equivalent to VND 2.000.000.000) which were currently under his name to the Company's legal representative.

On 04 August 2021, the People's Court of Ho Chi Minh City released the Judgment No. 1145/2020/KDTM-ST accepting of all claims of the Company, forcing Mr. Doan Quang Sang to pay the amount of VND 6.469.120.000, including the principal of VND 4.000.000.000 and remainders of VND 2.469.120.000. On 17 February 2021, Ho Chi Minh City Civil Judgment Enforcement Department also released Decision No. 1586/QĐ-CTHADS for judgment enforcement.

As to 30 June 2025, the Company has received a part of the foresaid amount. The Company fully appropriated 100% of value of the remainders.

- (ii) This is the investment entrustment to Thanh Cong Asset Management Company Limited under the Investment Entrustment Contract No. 01/2023/HDUT/TC02PS2S-TCAM dated 25 September 2023. Accordingly, Thanh Cong Asset Management Company Limited shall take the role as the lead to contact customers, represent the asset owners for the investment portfolio.

- From 30 April 2026 to 29 April 2030: VND 180.000.000/month.

3. Segment information

The Company's Board of Directors has considered, evaluated and decided not to prepare segment reports and present such information as the principal business activity of the Company is to provide services of securities brokerage, securities trading, securities issuance guarantee and securities investment consultancy. The operation results are presented on the operating income and operating expenses in the Interim Income Statement. Geographically, the Company only operates in the territory of Vietnam. For the above mentioned reasons, the Board of Directors has evaluated and believed that no preparation and presentation of the segment reporting in the Interim Financial Statements for the first 6 months of the fiscal year ending 31 December 2025 are in compliance with the Vietnam Accounting Standard No. 28 – "Segment reporting" and the current business operation of the Company.

Address: 2nd Floor, No. 6 Ho Tung Mau Street, Saigon Ward, Ho Chi Minh City

For the first 6 months of the fiscal year ending 31 December 2025

4. Subsequent events

There are no material subsequent events which are required adjustments or disclosures in the Interim Financial Statements.

Ho Chi Minh City, 13 August 2025
